"A Tariff for Farmers."

The Republican recently copied an article from the New York Tribune which went on to show by a comparison of figures that the McKinley Tariff bill was gotten up for the especial protection of the farmers. The farmers, particularly those of Kansas, are a source of very serious concern just now to the Republican leaders, hence their attempt to pull the wool over the eyes of the grangers.

We will not waste much more time in answering the article copied by the editor of the Republican. One of his own party papers has relieved us of that trouble. Here is the way the Philadelphia Telegraph (a Republican paper, mind you) goes for Mr. McKinley and his tariff bill:

"Of all the silly things Mr. McKinley has yet done, in connection with the tariff question, his report to the House in favor of the Ways and Means Committee bill is the most grotesque. What possible sense is there in trying to fool the farmers of the United States by the statement that their industry is being prostrated on account of the crowding of American markets with foreign agricultural products? In order to back up this utterly absurd declaration Mr. McKinley is driven to quote the importations of sugar, tea, coffee, fruits, tobacco, animals and fibres, the latter including wool, hemp, jute, etc. What does the sugar industry in nine-tenths of the United States amount to? It is practically unknown in thirty-six of the forty-two States. How much tea and coffee are raised in this country? The importation of animals, as everybody knows, is chiefly confined to first-class breeding stock brought by fancy farmers. The carpet men have clearly shown that the class of wool most needed in this country is not and cannot be grown here profitably.

"The fact of the matter is—and no man knows the truth more clearly than Mr. McKinley himself—that when he puts our total agricultural imports at nearly \$50,000,000 he is guilty of the most idiotic deception. This statement is made for the purpose of carrying with it a false impression. Until Mr. McKinley's report appeared, the friends of the so-called 'Farmers' Tariff' bill were quite content in speaking of agricultural imports coming into competition with American productions in placing the amount in the neighborhood of \$75,000,000. This, too, is an outside figure, and is at least very largely the result of trade with Canada. When this argument was quickly met and demolished, in these columns and elsewhere, Mr. McKinley and his friends shifted their ground and made a bold advance that must make them ridiculous in the sight of intelligent men everywhere. It being clearly shown that this \$75,000,000, even if the farmers get the benefit of it, would be more than swallowed up under this tariff bill in the increased cost of clothing and other necessities of life, it became necessary to swell the figures, and to pull the wool, if possible, still further over the eyes of the doubting agriculturists. Mr. McKinley's report, in this respect, will prove a boomerang of the most destructive sort. . . . This determined effort to make the agricultural element of the country think that it is being specially cared for in tariff revision at this time as the matter stands has the appearance of being one of the boldest and most unscrupulous political schemes ever attempted."

The Telegraph closes with the declaration that in plain English, the McKinley bill "rests on a mountainous fabric of lies and ignorance." And please remember that the Telegraph is a Republican journal.

It looks like the census that is soon to be taken will be strictly a Republican affair. Look at the list of enumerators for Mason County.

HON. A. H. WARD, "the Nestor of the Cynthiana bar," is a Democratic candidate for delegate from Harrison County to the Constitutional convention.

It is estimated that the Morrill Service pension bill, mentioned yesterday, will, if passed, take \$60,000,000 out of the U. S. Treasury. By the way, the taxpayers of this country are beginning to get tired very of the pension business.

THE Mason-Ford Company, lessees of the penitentiary, have asked the Legislature for a release from their contract with the State for the convict labor. If the lessees are trying to bluff the State Solons, they may wake up some morning and find they are mistaken in their men.

The G. A. R. of Kentucky.

The annual encampment of the G. A. R. of Kentucky was held at Louisville this week. Several members of Jos. Heiser Post of this city attended. Rev. W. H. Childers, of Chester, was also present.

The Adjutant General's report showed the following: Number in good standing at last year's report 3,907; number in good standing for the year ending March 31, 6,021, a gain during the year of 2,114. There are 168 Posts in the State.

The report of Quartermaster General Hillis showed that the receipts the past year amounted to \$2,923.48. The expenditures amounted to \$2,348.48. The cash and value of supplies on hand amount to \$1,725.59. In view of the surplus on hand Mr. Hillis recommended that the Encampment reduce the per capita tax from ten cents to eight cents, and the price of badges from sixty cents to fifty cents, and buttons from ten cents to eight cents.

The annual meeting of the Women's Relief Corps of the State was also held. The Corps has about 500 members. The election of officers resulted as follows:

Mrs. Amanda M. Davis, Newport, President.
Mrs. Julia A. Bachus, Louisville, Senior Vice President.
Mrs. Lottie Vincent, Covington, Junior Vice President.
Mrs. Nannie H. Ross, Louisville, Treasurer.
Mrs. Captain Miller, Maysville, Chaplain.

Concerning Mrs. Abbott.

As one of the experimenting committee upon the stage last night at the appearance of Mrs. Abbott, allow me to say flatly, that the power she exhibits is not a pretended thing and is no humbug. No one is competent to give an intelligent opinion upon the subject who is not more or less familiar with the literature, the laws and the experiments along the lines of odic, kinetic, static, electrical and magnetic forces. My opinion, which is of no great value, but formed after much experiment, observation and reading, is that a new name is needed for this force which for some time I have called neurotic force. Of course Mrs. Abbott is not the only person who possesses this power, but she has it in an unusual degree. The man discounts his own intelligence or information, or both, who says there is nothing in it. G. S. Judd.

Circuit Court.

Ficklin Bros. were given judgment yesterday against the C. & O. Railroad Company for \$375 for five months' services. They sued for about \$600.

S. F. Buckler, colored, was convicted of grand larceny, and given two years in the "pen." He stole a watch valued at about \$40 from a party near Sardis.

John Williams, colored, was tried on charge of grand larceny. The jury returned a verdict of "not guilty" after being out but a few minutes. The defendant was accused of stealing a silver cup from J. Ballenger, the jeweler, about four years ago. He admitted taking the cup, but said he didn't think it was worth much. Three witnesses swore it was worth less than \$10 and he was acquitted. A prosecution for petit larceny was barred by the statutes of limitation.

Railroad News.

The earnings of the Chesapeake and Ohio Road for the third week of April show an increase of \$44,800.84 over those for the corresponding week of last year. The figures are:

1890.....\$139,050 78
1889.....94,255 94

Increase.....\$44,800 84
The Owenon News is trying to revive the Louisville, Maysville and Great Eastern, a road projected years ago. The survey, made by Colonel C. R. Childers, takes in Eminence, Owenon, Williams-town, Falmouth and Brooksville. The route from here to Eminence is 102 miles, and Colonel Childers estimated the cost at \$1,412,000 when he made the survey.

Some farmers report good sized tobacco plants, notwithstanding the unfavorable weather. Four leaves are reported on some forward beds.—Augusta Sun.

Uncle Jack Hook has in Dr. Sparks one of the greatest three-year-olds ever out. He went a fast mile last Saturday easy and well within his speed, finishing the last quarter in 33½ seconds, a 2:15 clip.—Paris Record.

OUR NEIGHBORS.

MURPHYSVILLE.

Mr. Thomas Rhodes and Miss Ella McCarthy were married in the M. E. Church at Murphysville April 23, at 4 p. m. The ceremony was performed by Rev. J. W. Jolly. The bride is a daughter and only child of Mr. Milton McCarthy, a leading farmer. She is of a very amiable disposition and loved by all that know her. The groom is a son of Mr. John Rhodes, Jr., also a prominent farmer of this neighborhood.

The bride wore a handsome costume of Henrietta cloth with hat to match. The attendants were Miss L. H. Wells and Mr. Chas. H. Crawford. Messrs. F. V. Hunter and J. B. Hunter were the ushers. Mrs. Anna Barnes rendered the wedding march. The happy couple took the hack and were driven to the home of the groom's father, where an elegant supper was waiting to be served.

The bride received many handsome presents; table linen, gold and silver coins, silver knives and forks were among the many presents. The happy couple have the best wishes of their many friends.

Announcement.

Editor of the Bulletin: I understand it has often been asked if in my announcement as a candidate to represent Mason County in the Constitutional convention, I would be so subject to the action of the Democracy of the county. I made no announcement as I did because I had been generally solicited to become a candidate. But I wish it distinctly understood that I am always subject to the action of the Democratic party in the mode and manner they may select. EMERY WHITAKER.
